Dear Supporters of Music,

How grateful we are to those of you who have faithfully attended our concerts. Similarly, we know you appreciate the generosity of George Flynn for this wonderful legacy. Where else but in Clinton, Connecticut could one experience FREE concerts by The New Haven Symphony Orchestra, Tony Award Winner Levi Kreis, The Tokyo String Quartet, John Pizzarelli, Michael Feinstein, Joshua Bell, The Preservation Hall Jazz Band, The Emerson String Quartet . . . the list goes on and on. Normally individual tickets to see these great artists can cost up to one hundred dollars or more, but it has been our pleasure to present them to you at no charge.

Your continued enthusiasm for our concerts is gratifying especially when we see the joy that each concert brings to everyone. For this reason, we continue to invite your financial support for our concert series since your gift strengthens the original bequest and enables us to offer more concerts per season in the years ahead. Please consider joining this season at the following levels of support and think of us when reviewing your estate planning.

<i>George Flynn Circle</i>	<i>\$500 and above</i>
Patron	\$250 — \$499
Benefactor	\$100 — \$249
Donor	\$50 — \$99
